

Endurance 201 Workshop March 16, 2019

If riding is your passion then perhaps you'd like to try Distance or Endurance 101 Clinic! We'll learn new stuff and relearn stuff we forgot, ride, eat, ride learn. This is NOT a competition. In March? First ride of the season is April 6 so we gotta get crackin! Pray for good weather 😊

Key speaker is Jessica Heinrich DVM giving a presentation on dental health and a float first thing Saturday. Her specialty is equine dentistry and you can also make arrangements to get your horse's teeth floated for an additional fee of \$145. Please schedule that so she can plan.

But wait – there's more! HA! Always wanted to say that. 😊 Hands on:

*How to pulse your horse *Vetting your horse through the check *Understanding trail marking *
*Evaluating your saddle fit * Conditioning * Feed * Moving up Distance *Trouble Shooting*Evaluating
your horse's condition*A lot of this is on the DVD.

If you bring your horse you need to bring water, Weed free certified hay, your own food & everything you need. The weather can go from sun to a mini squall of sleet real fast so be prepared. We'll have potluck Saturday after we ride, more discussion or one on one then too. Come prepared for a fun time and make new friends! Share goals and stories. You don't have to ride, you don't have to camp, just come learn & have fun!! Even if you don't bring a horse, we will get your hands-on learning to pulse and how to do stuff. Fee is \$75 paid by March 9.

Everyone who doesn't already have it will be given the DVD containing all the youtube presentations of AERC and Susan Garlinghouse DVM. Everything from ride camp to the finish line is covered in pdf, you tube and power point presentations, book excerpts, articles, and more. These you can watch in the comfort of your own home.

I'll mark a couple loops of trail, you can ride any loop with your friends Saturday at your pace, just follow the markings. It's good practice for the real thing at a ride. Gives you the opportunity to try new tack and get your horse in water and over trail obstacles. This is not a competition. All riders 16 & under must ride with a helmet.

We're having a Leprechaun round up! See how many you can find on the trail. Tshirts for all.
